CELEBRATING OVER 25 YEARS

THANKS TO YOU!

Dear Valued Retailers,

As QI's 25th anniversary year comes to a close, we reflect on this milestone with sincere appreciation for you, our valued retail partners.

Your unwavering support, trust, and commitment over the years have been instrumental in our journey. Your dedication to showcasing our family of accessory brands has not only helped us grow but has also enriched the experience of cigar enthusiasts across the nation.

Together, we've shared in the joy of countless memorable moments, from the first light of a prized cigar to the last sip of wine that complements it perfectly. As we move beyond this milestone, we remain as passionate as ever about innovation, quality, and partnership.

Thank you for being such an essential part of our story. Here's to the years ahead — to continued collaboration, growth, and shared success.

With heartfelt thanks,

Michael & Marilyn Giordano

Humidor Supreme®
Commercial Display Humidor 4500
See page 7 for details.

Humidor Supreme®
9200 Series Electronic Humidor
See page 13 for details.

Since 2001, Humidor Supreme® has been the premiere choice for cigar enthusiasts seeking high-quality humidors. Each humidor includes premium kiln-dried Spanish cedar, quadrant hinges, and our exclusive SureSeal® Technology that guarantees optimum humidification.

Cigar Storage Capacity You Can Trust

Humidor Supreme® is the only brand that publishes the actual calculated cigar storage capacity using the popular Toro and Corona cigar sizes for a real world reference.

Using our proprietary system, we meticulously measure the interior depth, width, and height of all our humidors; including trays and drawers when included, and convert the interior cubic dimension to the number of cigars that will comfortably fit in each humidor. Capacity is published using our "Toro to Corona" format, the larger Toro cigar first, then the smaller Corona cigar to help you select the humidor that's best for you. For example, a stated Capacity 100-180 means storage will fit 100 (Toros) or 180 (Coronas).

SureSeal® Technology

Groundbreaking innovation that assures the perfect level of humidification, offering peace of mind and preserving the essence of your cigars.

Quality & Craftsmanship in the Details

Each humidor is crafted with kiln-dried Spanish cedar and robust quadrant hinges.

Customization Services

Announce your brand to the world with our Swag Bunker® customization services. From logo printing to engraving, we offer a range of options to make your humidor speak to the world in your unique voice. Explore opportunities to print, wrap, and engrave commercial cigar displays and desktop humidors.

A Selection for Extensive Product Line

Our line is as wide and diverse as our customers who enjoy our selection of over one hundred humidors for commercial, residential, display, or desktop use in a variety of styles, finishes, and sizes to cater to your particular needs.

ADJUSTABLE DIGITAL HYGROMETERS

The HygroSet® is capable of being adjusted after calibration. Each click of the adjustment knob changes the humidity display (+ / -) by 1%. We recommend the Boveda One-Step Calibration Kit (75% RH) for calibrating HygroSet® hygrometers.

- Easy-set calibration instructions
- Humidity accuracy +/- 2% at 65% to 75%
- Temperature accuracy +/- 1 degree (displayed in Celsius or Fahrenheit)
- 10 Second refresh rate
- Button cell battery included

HYGROSET® FRONT MOUNT

HUMIFAN **HUMIDOR AIR CIRCULATOR**

The HumiFan provides intermittent air circulation to prevent stagnant conditions inside your humidor. This fan allows your cigars to "breathe" by redistributing the air inside your humidor to diffuse inconsistent humidity levels, providing a more consistent and stable environment for your cigars.

- Case of 6

XI-831XI
Black

HumiFan **Product Benefits**

- Intermittent air circulation provides uniform humidity levels in humidor
- Ideal fan speed for optimal humidity redistribution
- Small footprint maximizes cigar capacity
- Easy to use - settings pre-programmed
- Cordless - eliminates unsightly cords and wires

PUROTEMP **WIRELESS HYGROMETER SYSTEM**

The PuroTemp Wireless Hygrometer System is a technological tool making it easier for cigar smokers to monitor the humidity and temperature inside their humidor. This system can read up to 3 separate units in different locations. It also alerts the smoker if conditions are outside their desired levels. Take the guess work and stress out of monitoring your cigars. Trust XIKAR® to protect your cigars!

GLOBAL NFT GALLERY COLLECTION

QI believes in being a patron of the arts, and in the emerging NFT space it is increasingly easy to support budding digital artists. NFTs (non-fungible tokens) are unique cryptographic tokens on the blockchain that can represent anything from digital art, real estate, to even a person's identity. QI has taken a unique position to bring these digital works of art to life by creating a line of accessories with the goal of assisting artists in their endeavors. With every sale of these luxurious pieces of functional art, a portion of the proceeds will go to the artist to further support their work.

Pipe filters have long been a standard for a cool, dry smoke and also offer the benefit of removing some unwanted ingredients found in pipe tobacco. The nicotine and tar is reduced and irritants are trapped in the absorbent filters.

UV PRINTING

Full color UV printing is a process where very fine ink drops are printed directly onto surfaces, then cured instantly by UV light. This process allows for Full Color Finishing and very fine details on many of our products.

DOME LABELS

Personalize your travel humidors and cigar cutters with a full color custom imprint dome label.

LASER ENGRAVING

This process uses a laser to mark the surface of any metallic, wood and leather cigar accessory at high resolution. This method leaves a clean permanent mark.

XIKAR

Quality Importers Trading Company® manufactures, imports and wholesales a wide variety of quality cigar humidors, smoking accessories including cutters and lighters, and custom cigar box packaging. We cater to point-of-sale retailers, CTS Merchants, full-line distributors, and cigar manufacturers worldwide.

We have the unique ability to fill orders of any size, from one piece to thousands, while maintaining the highest level of customer service. Drop ship programs are available.

If you are looking for someone to manufacture your custom designs, look no further. Let our experts show you what Quality Importers can do for your business.

Custom Product Manufacturing

Our custom product manufacturing services allow us to help businesses worldwide improve their profitability. Quality Importers creates custom cigar boxes for well-known cigar manufacturers. Our service oversees the manufacturing of your product from design to shipment. Submit your designs, blueprints, drawings or samples in the strictest confidence. We will work with you every step of the way to provide quotes, answer your questions and ensure your project proceeds seamlessly.

Shop 24/7 at QualityImporters.com

We accept ACH and all major credit cards. Terms extended to qualified accounts with verified references. Contact your Territory Manager for details. Orders under \$300 will be charged a \$10 processing fee. All pricing discrepancies, fee inquiries, invoicing issues, or claims for credit must be made within 5 days of receipt. After that period, we will be unable to make any adjustments to invoices. Unless otherwise requested, we will automatically ship back-ordered items when inventory arrives.

Shipping Standards

All orders are shipped F.O.B. Weston Florida, within 1-2 business days. We ship via United Parcel Service (UPS) U.S. Postal Service (USPS), and FedEx, unless order quantity dictates the use of a common freight carrier. Orders being drop-shipped to your customer will have an imposed fee of \$10.00 per order. All fees are subject to change without notice. Third-party shipping is optionally available. Alaska and Hawaii must ship via air (butane excluded).

Returned Merchandise

Any shortages, overages, damages, or manufacturer defects must be reported within 5 days of receipt. After that period, a 20% restocking fee will apply. Please check all merchandise carefully upon receipt. If a product is damaged during shipment, please call our Customer Support Department at (954) 602-5637 and we will contact the carrier and arrange for a merchandise return.

When making a return, please include all original packing materials, accessories, and manuals. Merchandise must be unused and received in original condition. Used merchandise is non-returnable.

Note: Merchandise shipped by freight truck must be inspected, and any damage noted on the Bill of Lading before the driver leaves. Failure to comply will result in an inability to process a damage/loss claim for merchandise. All items, including style, color selection and prices are subject to availability and can change without notice. Typographic and/or photographic errors are subject to correction.
